fichier de paramétrage pour transmitit se trouve dans : C:\Documents and Settings\..xx\Mes documents\TransmititSettings.txt

puis....

Citation :

What are the hidden features for advanced users?

<Escape> closes the translation window and also minimizes the Transmitit main window in the notification area of your desktop.

<Windows> + <Space> opens the settings window.

<Windows> + <A> opens the parameter file.

You need this function only if one of the questions listed below is of interest to you.

How do I change the automatically detected language of the user interface?

Open the parameter file. Find the entry "UILanguage" and change the current value to one of the following possible values:

Afrikaans, Albanian, Arabic, Belarusian, Bulgarian, Catalan, Simplified Chinese, Chinese Traditional, Croatian, Czech, Danish, Dutch, English, Estonian, Filipino, Finnish, French, Galician, German, Greek, Hebrew, Hindi, Hungarian, Icelandic, Indonesian, Irish, Italian, Japanese, Korean, Latvian, Lithuanian, Macedonian, Malay, Maltese, Norwegian, Persian, Polish, Portuguese, Romanian, Russian, Serbian, Slovak, Slovenian, Spanish, Kiswahili, Swedish, Thai, Turkish, Ukrainian, Vietnamese, Welsh, Yiddish

How do I change the font for a particular language?

Open the parameter file. Find the entry "Font_XX". "XX" is the English name of the language, to which you want to change the font of.

How do I suppress the display of the main window when starting Transmitit?

Open the parameter file. Locate the entry "ShowInfoAtStart" and set the value of "1" to "0".

How do I change the font size of the translation window?

Open the parameter file. Find the entry "TranslationFontScaleFactor". 1.0 corresponds to 100%.

utiliser "Transmitit" pour traduire
