GOTD is expired?..

Hello everybody,

we are aware of the situation with Giveaway of the Day site and are sorry for the inconvenience. Our domain record domain was supposed to auto-renew but failed for some reasons that have yet to be investigated.

Let us assure you that domain has successfully been renewed, still the system needs time to get the site back to proper work.

For those users who still experience problems with access to GOTD, please stay on-line or try to reach us in several hours. We will finally be back! :)

Have a nice day!

GOTD project team
