Topic: MAJ Faststone Image Viewer

Subject: MAJ Faststone Image Viewer

Publié par: yassine67300

Contribution le : 01/08/2015 12:14:10

Mise à jour à la version 5.4

Changements :

Version 5.4 (July 31, 2015)

Added support for unicode filenames throughout the software. Now you can view and process images named in different types of characters (e.g. Arabic, Chinese, German, Japanese, Korean, Russian ...)

Added support for symbolic links

Improved Batch Convert, Crop Board and Draw Board

Many other improvements and bug fixes
