la liste des clés peut être un plus (ainsi que la version du programme et de l'os)

pour w10-64, je n'ai trouvé que :

C:\WINDOWS\Prefetch\SUMATRAPDF.EXE-D1A1678B.pf

C:\WINDOWS\Prefetch\SUMATRAPDF\PORTABLE.EXE-F3087980.pf

```

donc je ne vois pas où se situe le problème.
