Altap Salamander, dérivé de ce bon vieux Norton Commander en console, de Midnight Commander ou de Total Commander pour les habitués des logiciels similaires.

Altap Salamander (including all plugins) from version 4.0 becomes **freeware** for both commercial and non-commercial use. Users of older Salamander versions can upgrade to version 4.0 free of charge. Version 4.0 requires Windows 7 or newer. There are not other limitations compared to commercial version 3.08.
