bonsoir,

pourquoi ne pas utiliser 1by1 (196 Ko en 64 bits) :

<http://www.gratilog.net/xoops/modules/mydownloads/singlefile.php?cid=152&lid=1963>

1by1 "fichier mp3" /hide

Citation :

Command line options

Usage: 1by1.exe <audio file / folder / Cue sheet / playlist> <options>

Resume on start options:

/r Resume the last track and position

/rt Play the last track from the beginning

/rd Play the last directory from the beginning (depending on how it is sorted)

Other options:

/close Close the program after playing one track

/hide Hide the window and enable the Systray icon

/enqueue Enqueue the given file to the playlist view

/newinst Start a new instance ignoring the "Only one instance" setting

/localini Don't store the settings in the user profile
