V 1.6

- 1. [FIXED] Changing settings after selecting a different language causes errors
- 2. [FIXED] Clicking links on the about screen causes errors
- 3. [FIXED] Can't write to file error
- 4. [ADDED] User can change icons in "icons folder" and use their own icons (Choose 4th icon packs in options menu then save the settings)
- 5. [ADDED] Some code improvements
