SophiApp /Sophia Script for Windows

<https://github.com/Sophia-Community/SophiApp>

<https://github.com/farag2/Sophia-Script-for-Windows/>

SophiApp is a free, open-source app for fine-tuning Windows 10 & Windows 11. It offers a modern UI/UX, more than 130 unique tweaks, and shows how Windows can be configured without making any harm to the OS.

Windows 11 Debloater

<https://freetimetech.com/windows-11-debloater-tool-debloat-gui/>

This's a third party UI, include Sophia Script for Windows & ChrisTitusTech win10script

<https://github.com/ChrisTitusTech/win10script>

ChrisTitusTech win10script already become paid software.
