Nouvelle version 11.1.1.0.0 avec de nombreuses modifications, dont:

General: Added Support for Windows 11 22H2 (Moment 2)

General: Added Support for Windows 10 22H2 (19045)

General: All policies are removed when disabled to make sure that their default applies

Edge (Chromium): Disabled policies are now removed to prevent "Edge is managed by your organization" warnings

Tweak updated: Privacy: Disable Display of microsoft.com Files in Explorer (from build 22572)

Tweak added: Apps: Disable Continue Experiences

...et des réglages pour Edge et Office.
