Version 2.11.0 du 14 octobre 2023

<https://crow-translate.github.io/>

**Téléchargement :**

[https://github.com/crow-translate/crow ... slate/releases/tag/2.11.0](https://github.com/crow-translate/crow-translate/releases/tag/2.11.0)

**Changed :**

Remove spaces in settings paths. Everywhere instead of "Crow Translate" now "crow-translate".

Use lingva.garudalinux.org by default for Lingva engine.
