v5.1.1130.82 [2024-04-16]

Upgraded to Chromium 118.0.5993.159

Continued to support Win7 and Win8

Added the option "Force link to open in current tab"

Added the ability to open bookmarks and links in selected multi-login tabs

Added the ability to use local image as most popular item icon

Merged some security patches

[Bug fixes] Multi-column bookmarks display abnormally under Win11

[Bug fixes] Download bubble window blurs in some cases

[Bug fixes] Desktop notifications can't be displayed in the multi-login tab

[Bug fixes] Loading download items on startup may lag the browser

[Bug fixes] Can't copy HTML content using Super Drag

[Bug fixes] The installer crashes under Win7 in some cases

[Bug fixes] May crash after drag-and-drop in multi-column bookmarks

[Bug fixes] "Purge memory" feature may unload tabs

[Bug fixes] The order of tabs opened by "Open all bookmarks" is reversed
